High School Board Learns...

More Teachers Needed, Pupil Totals Expected

Antioch Township high school will require another two or three more teachers in addition to several recommended for local positions at a meeting of the high school board of education Wednesday evening.

Principal Albert Dittman was scheduled to recommend three or four persons to fill vacancies on the high school staff at the board's monthly session in the school building.

Six new instructors have been hired already, Dittman said. With the three or four suggested this week, there still would be a deficit of two or three needed to fill the 12 or 13 positions available at the end of the 1959-60 school year.

Several reports by board committees, from the state department of public instruction and from Dittman were scheduled Wednesday.

ONE WAS to be from the school board's requisition committee for teachers' supplies. This committee includes William Brook, Boyd Osmond and Mrs. Ruth Seyfarth.

The budget committee consisting of Dr. Richard Ripley, Milburn Cain and Roger Prossie also was to report.

These two groups met this week Monday evening with Dittman to go over their reports and recommendations.

A projection of what to expect for A.T.H.S. enrollments each year for the next 9 or 10 years was to be made.

A report from the state fire marshal's office, Antioch fire chief Ed Simonsen and assistant chief Todd Maplethorpe was to be made. They inspected the school premises earlier.

BOARD MEMBERS noted that installation of a sprinkler system in the high school building had been completed.

Representatives of the state department of public instruction visited the school in regard to the industrial department and the hot lunch program and their reports were to be submitted this week.

The board also was to consider bids on milk and on fuel oil for the coming school year.

Dittman noted this week that school custodians are using these summer months to paint parts of the high school building, wax and seal floors, paint some football bleachers and similar jobs.

High school sessions ended last week Wednesday, to resume Tuesday morning, September 6, the day after Labor day.

40 Enrolled For Classes In Hi School

Registration for summer school at Antioch Township high school ended this week Wednesday with 35 to 40 boys and girls enrolled in four courses, plus another 70 in band and others in "behind the wheel" driver training.

The four courses include developed mental reading and English I, II and III. The former is for vocal reading, speed reading and the like.

Behind the wheel driver training is being taught by Roy Nelson with six enrolled for a six-hour course. This is the minimum number of hours. Classes are held from 5:30 to 7:30 evenings.

Joe Rush is leading the group of band members in its summer program at Antioch high. The band meets Tuesdays and Thursdays at 7:30 with small group instruction an hour earlier starting at 6:30.

Summer school classes at A.T.H.S. opened this week Monday and will close Monday, July 25.

Lawrence Eggleston is teaching the reading and English classes, each of which lasts about two hours.

The three architectural firms are Hertel, Johnson, Eiffer and Stope of Glenview, William P. Hooper of Waukegan and Scribbens, Feldman and Klummeier, Inc., of Galesburg.

Paddock Lake Caucus Dated June 18; Election on July 9

PADDOCK LAKE, Wis.—Saturday, July 9, will be the special election date for village of Paddock Lake voters to decide on village officials, following a caucus to nominate candidates to be held Saturday, June 18.

The caucus is scheduled for 1:30 p. m. in Salem Central high school. All qualified electors of the newly incorporated village will be eligible to participate in the nominating session to be conducted by a special board of election inspectors named by Circuit Judge M. E. Baker.

This board, which also presided at the May 28 referendum which approved incorporation, includes Earl W. Torrey as chairman, and

LINDENHURST—Tentative plans for a sewage plant and mains in the village of Lindenhurst were prime topics of discussion when the village board met at the village hall Monday evening.

It has been estimated such a set-up would cost each lot owner \$5 monthly or \$60 a year plus about \$40 increase in his or her real estate tax.

These would apply only to lots and homes now in existence. Developers of future subdivisions or homes would install their own sewers.

A preliminary survey will be made to learn just what work will have to be done, the cost and the like and then bonding houses will be contacted to finance the project. A referendum by the people will follow.

Morton Engle of the firm building homes in Lindenhurst told the board Monday evening that the project his firm has undertaken in recent years to cut weeds on vacant lots has cost him as much as \$12,000 a year.

But the village was able to raise only \$2,000 to \$2,500 a year to finance it. Engle said his company could no longer do the job of cutting weeds three times a year, but would do it two times a year for \$5,000.

It was estimated there were 1,700 vacant lots in the village.

A village ordinance was cited in which provisions say that noxious weeds are illegal and provides penalties for violators of the ordinance. One resident present reminded board members such weeds are also a fire hazard.

Mrs. Georgia Mathias of the village board will contact possible weed cutters to learn cost estimates for the job. Member Charles Pawlowski will work with Mrs. Mathias to enforce the ordinance.

A change of zoning from F-1 to B-1 for land at Sand Lake road and Grand avenue known as the Lucas property was approved. This will permit an automobile service station to be erected there, and provide a drainage easement.

Plans for the coming year were made.

More than \$300 was netted in the rummage sale held last Friday in Wesley hall of the Antioch Methodist church, officers of the Women's society of Christian Service reported this week.

WSCS, sponsors of the event, said this compares favorably with the amounts raised by similar sales in other years.

DEAR READER News Editorials

Sounds Good, But Would It Work?

Morton Engle of the firm building homes in Lindenhurst and the big shopping center in that community, came up with a suggestion Monday evening that has a lot of merit.

He was talking in general terms about efforts to bring new business into the area and how much an increase in the number of industries with their payrolls would help.

His suggestion was that the chambers of commerce and other community leaders put together a coordinated effort by all communities to contact businesses seeking new locations and then try to bring them to this area.

It sounds like a good idea and we think if it were pushed by all concerned that it would bring results.

But such a movement seems unlikely of ever getting off the ground.

This is not because the communities do not want new industry, but because of jealousy, competition among towns and chambers of commerce, and perhaps inability of all concerned to get together.

There are few weeks that go by here in Antioch where there isn't someone here looking over the community, its business district, churches, schools, residential areas and questioning people.

One person stopped just the other day in at the Antioch News office to query the local newspaper staff about the community, available labor, and the like.

There is no question but what businessmen are looking for locations such as Antioch and vicinity could provide.

They Aren't 'Wildly' About Adlai

The selection of former Governor Adlai Stevenson as the main speaker at the Illinois State Bar association annual banquet June 23 was greeted with something less than wild enthusiasm by some of the more rock-ribbed Republicans in the Lake County Bar Association.

The two-time Democratic candidate for President and a contender for the nomination again this year is apparently a prophet without honor in his own county.

They probably won't be visible, but there will be plenty of ear muffs in use during Stevenson's talk as some of the stauncher Republican members of the Bar block their ears and minds to anything their neighbor may have to say.

More's the pity too, because even if you don't agree with what the Sage of Mettawa has to say, it is generally conceded that he says it entertainingly.

Actually having Stevenson as a speaker at this time can be considered quite a score for the convention since he is almost certain to be in the limelight from now until after the Democratic convention in Los Angeles.

Some Democratic members of the county Bar association are elated over the lineup of speakers and special guests for the convention.

They point out that with Stevenson, Gov. William G. Stratton and Judge Otto Kerner, Democratic candidate for governor, on the program the convention will present the past, present and future governors of Illinois.

The Circuit Clerk's office in the courthouse is taking on a new look now that Stephanie Pucin Sulthinn has a solid victory in the recent primary under her belt.

Mrs. Sulthinn, who was appointed Clerk Pro Tempore when the veteran L. J. Wilmut resigned in January, has followed her womanly instincts by rearranging the furniture in the office, cleaning house of old files and demanding a thorough spring cleaning of the office space.

New cabinets and files, modern desks and plans for a paint job make it apparent that "Steve" is planning to be around the office for quite a spell.

Additional clerks have also been hired to help the office keep up with the tremendous increase in work in the clerk's office.

The only familiar thing about the office is the continued presence of Wilmut, who is enjoying his retirement at the same old stand.

Probate Judge Thomas Moran's program to bring court files up to date is already beginning to bear fruit.

In response to the docket call on estates that have been inactive for more than two years, one Lake county attorney appeared in court last week to revive an estate that has been dormant since 1926.

An estimated \$7,000 is involved in the estate which was "lost" in the attorney's office files for more than a quarter of a century.

Supervisors David Van Patten of Newport, and August Cepon, of Waukegan, are expected off the sick list this week and will resume work on their two major projects.

The veteran Van Patten is chairman of the Forest Preserve District and will be the key man in the decision on issuing \$3,000,000 in bonds for land acquisition for the district.

Cepon heads the commission charged with construction of a new courthouse, a project rejected by the voters two years ago, but still being pushed by county board members who are more familiar with the crowded conditions in the old building.

Training School Slated In Flower Arranging

Four-H members from throughout Lake county, who enrolled in a flower arrangement project, will attend a special training school from 9 to 11:30 Tuesday morning, June 21, at the Fairgrounds auditorium near Grayslake.

Mrs. Elmer Kolb and Mrs. George Simmons, of the Town and Country Home Bureau Unit and Garden club. They will demonstrate means of using flowers, leaves and branches in making effective arrangements.

Club members are asked to bring with them, flower containers and holders and materials for making one arrangement.

This training school will prepare 4-H girls for the Flower Arranging contest to be held in connection with the Lake county fair on July 27.

Simonsen, superintendent of public works; Scott, building commissioner; Simonsen, chief of fire department; Dr. J. W. Kopriva, health officer; Vos, director of public grounds and buildings.

Regular meetings of the board of trustees are held the first Tuesday of each month. Sessions are called to order at 8 p. m. May to October and at 7:30 p. m. November to April.

DEAR EDITOR Your Letters

3 June 60
Schuabach, Germany

To whom it may concern:
I received a copy of your Lake Region News today, dated May 27. I saw the article in it about myself.

This information is a little old. Of course I appreciate it very much because all these clippings I am saving to put in a scrap book on my Army career.

I would like to give you more information on myself and bring you up to date.

During the month of May '59 I spent it at the border on border patrol.

During February I, along with my squadron, acted as host at Vilsack, Germany, during "Wintershield".

The month of April '60 I was one of some 195 odd men to take the tests which lasted a full week. These

tests were to see if we could qualify as an Expert Infantryman.

Out of the 195 men only seven men passed it. There were four sergeants and two SP4's and myself (a SP4 as of February 4, 1960).

I am now an Expert Infantryman and qualified to wear the badge. This is considered the highest peace time award anyone can get. I am now at Gropenwohr, Germany, preparing to take my Squadron test.

I am due to leave Germany on or about Sept. 24, and return to the United States.

This is a general rundown on myself.

I have filled out forms to be sent home. But since these forms contain quite old information, I thought you might be interested in the latest information on myself.

Respectfully yours,
SP4 Russell L. Bunell

Cost of each camping period will be \$11 and will include 3 meals, 2 nights' lodgings, registration and insurance.

Camp for boys and girls 10 to 12 years old opens at 10:30 a. m. next Monday and will close at 7:30 p. m. Wednesday, June 22.

Senior 4-H'ers will camp starting at 10:30 a. m. Thursday, June 23, and closing at 7:30 p. m. Saturday, June 25.

Senior campers who, for reasons of work, elect to come via their own transportation after camp has started, may check in at camp Thursday evening, June 23, from 7 to 8 o'clock at a cost of \$9.

Or they may check in Friday, June 24, from 7 to 8 p. m. at a cost of \$4.50. However, all must have registered in advance by June 10.

The camp program will include sports, recreation, crafts, music, swimming, horseback riding, square and folk dancing, nature hikes, archery, boating and "the experience of working and playing together."

The lifeguard will give swimming lessons to beginning and advanced

swimmers as part of the camping program.

A special fun night program has been planned for the first evening, including a campfire and "all the trimmings."

Second night in camp will be "party night" so anyone playing a musical instrument, or who knows a game or a stunt is asked to "come prepared."

Craft fees will be about \$1 for craft articles 4-H'ers will make.

Kenosha county campers are to arrange to have their parents or their leaders take them to camp and call for them. Then, they (the parents) too can see the camp.

Fred Swanson Returns To Home in Antioch

Fred B. Swanson of 479 Naber avenue, who received considerable publicity recently when in St. Luke's hospital, Chicago, with a portable device that helped keep him alive, is back home once again.

He returned to Antioch late last week after spending some time in the hospital with a portable pacemaker. This is an electronic device that fired 58 impulses of electricity a minute into his ailing heart.

Swanson would be dead today, doctors said, were it not for that artificial pacemaker being in operation.

Visitors reported Swanson looked much better than he had been.

2 Antioch Youths Hurt In Wisconsin Accident

Two Antioch youths and one from Fox Lake, Ill., were injured in an accident last Thursday evening on a curve on Kenosha county trunk B south of county trunk F, sheriff's deputies reported.

Driver of the vehicle was James Volland, 16, of Antioch, who suffered back injuries and bruises. Passengers with him were Bill New, 15, of Antioch, and Harry Carlson, 15, of Fox Lake.

New reportedly suffered left leg, wrist and back injuries, while Carlson had bruises and abrasions. All three were taken to Burlington hospital by sheriff's deputies.

The accident occurred, deputies said, when the car left the road and hit a utility pole.

'Desperate Ambrose' Scheduled June 17

By Mrs. Bruce Bernau
LINDENHURST — "Desperate Ambrose" will be performed at the Round Lake grade school, Renahan road and Cedar Lake road, at 7 p. m. Friday, June 17, by the Masters and Mates club of the Lake Villa Community Methodist church.

Proceeds will go for the benefit of the Countryside hospital.

This is a three-act western-style comedy with a lot of laughs, some of which are planned ahead of time, and others just happen.

Some of the "others that just happened" include the time Mary Jane Rollin "fainted" and her hair-

piece got caught on Bob Smith's holster, and the time "Sheriff" Joe Botts banging his gun on a table and the gun came apart.

There will be no need for babysitters for this performance as children as well as grownups will enjoy this comedy.

Always dim your headlights when approaching or following another car. This is common courtesy and safe driving practice.

Where they used to deliver 2,300 gallons of liquefied petroleum gas in other trucks, Petrolane Gas Service of Long Beach, California, can now deliver 3,500 gallons a day! That's 7 days a week usually, over back trails and up into high rock country with maximum GVW loads. And with Chevy's Torsion-Spring Ride paving every foot of the way! "You don't get any more jolting on washboard roads than you do in a passenger car, or any sideways on curves," says driver Bernie Stone. "I used to take some rough roads at from 5 to 8 miles an hour. Now I can go 30 over them." Petrolane has over 200 Chevrolets hauling for them.

If you think we're excited about Chevy's independent front suspension, you ought to talk to the truck owners who are profiting by it. They'll tell you Chevy's torsion-spring design is the hottest thing to hit the industry since trucks began. Drive one—that's the proof, short and sweet.

Large Sign Approved At Lindenhurst Store

LINDENHURST—The new shopping center in Lindenhurst, now under construction, will boast an illuminated sign visible on both sides that will have letters in one part of it six feet high.

The Lindenhurst village board Monday evening approved a zoning ordinance changing the limits on signs that would allow one as big as the Linden Plaza shopping center plans to install.

The sign will be placed on Grand avenue at the main entrance and will be about 30 feet high and about 10 feet wide.

One part of the sign will be interchangeable so special events or items may be put on and taken off when necessary.

It requires as much as 110,000 gallons of water to produce one ton of steel, according to Thomas F. Wolfe, managing director of the Cast Iron Pipe Research Association, Chicago.

After more than three centuries of continuous use, cast iron water mains installed in Versailles, France, in 1664, are still in service.

MOOSE TOPICS

There will be a 3rd district meeting at North Chicago lodge No. 1235 Monday night, June 27, at 8:30.

Initiation of new members will be held at the Antioch Moose lodge on June 2 at the regular Wednesday night meeting, with the birthday dinner following.

The Antioch ritual team will perform the initiation ceremony.

Caution Urged By Mother in Driving Child

The busy mother who drives to the store with a backseat full of restless children is risking a traffic accident, according to Matthew C. Sielski, director of the Chicago Motor Club's safety and traffic engineering department.

Emphasizing that distraction is a major factor in motorist mishaps, he urged mothers of young children to take along another adult who can mind the youngsters or else leave the car at home.

"It is nearly impossible for a mother to attend to her driving under today's traffic conditions while her mind is focused on the care of youngsters in the back seat," said Sielski. He added:

"In trying to pay attention to the road ahead and the children at the same time, the mother may well be inviting a serious accident. One brief turn of the head is all that is required to divert her attention from her driving. In that split second of distraction, tragedy may occur."

Sielski stressed the importance of giving complete attention to driving duties while behind the wheel. He said that driving is a job that cannot be performed on a part-time basis.

"When behind the wheel," Sielski advised, "keep your mind completely on the job at hand. It could be a matter of life or death," he concluded.

Road Contract Given To Antioch Company

Antioch was involved in one way or another in road contracts approved by the Lake county board of supervisors Monday.

Carl Barthel of Antioch was awarded a \$1,800 contract for gravel on the Grimm road.

Wheeling Corrugating company on its bid of \$943.88 was contracted to supply pipe culvert in Antioch, Benton, Waukegan and Vernon Townships.

Wet Basements Can Be Helped With Painting

The right paint properly applied under the right conditions can do a lot to help the wet basement condition.

But when one asks for a thin film of paint to keep out the water that 8 inches of concrete can't keep out, a homeowner is asking a lot. Paint and concrete working together, however, can keep a basement dry.

The problem of condensation or moisture that stands on basement walls can be licked by several types of paint. Leading the field in sales to homeowners is the cement type.

This is a water base coating that contains finely ground amounts of hydraulic cement. It comes in various colors and is applied in a thick layer over masonry walls that have been wetted thoroughly down to a hose.

Its action is a mechanical one. The hydraulic cement locks itself into the voids and pores of the masonry wall to form a continuous surface that water cannot penetrate. Too much water pressure, however, can crack it off.

A word of advice: Don't let it dry too fast. Be sure the wall is really wet before you brush it on and be sure to keep wetting it down for a day or two after it is applied.

Spray Odors Away

Even though the old-fashioned musty parlors with closed shutters and sealed windows are a thing of the past and have been replaced with light airy rooms with large windows and cross ventilation, nevertheless every modern homemaker has the problem of getting rid of odors from cooking, tobacco or other things. Today this is easily done by using one of the many room deodorizers on the market. A few sprays from an aerosol can and her home will be fresh and sweet smelling. It's so simple even a child can use it.

In buying an air deodorizer, however, be sure to purchase one that is really efficient—one that actually destroys the odors rather than just masking them. One of the few that really does this is Di-chloride Air Deodorizer, a product of Merck & Company. This contains an ingredient known as Metaxine which makes the difference between really destroying an odor or just masking it.

Di-chloride Air Deodorizer is available in three very pleasant scents—floral, spice or pine, so select the one that appeals to you personally. Perhaps you prefer one scent upstairs and a different one downstairs. If so, keep a can in each place for your convenience. When spraying for the best effect direct the spray upward. About six seconds of spray is sufficient to destroy any odor in a room 10x10x10 feet. Di-chloride Air Deodorizer can be purchased in some supermarkets, but it is always available in drug stores.

grade school. Guests present were her grandmother, Mrs. Irene Lewis, Mr. and Mrs. George Lewis and Walter Young, all of Berwyn; Mr. and Mrs. George Lewis, Jr. and son Robert, LaGrange; Mr. and Mrs. Mike Kaminski, Kathy, Terry and Johnny, Broadview.

From Westchester were Mr. and Mrs. Peter Giacomozzi, Michael and Paul.

Lindhurst guests were Mr. and Mrs. John Peterson, Ned, Douglas, Robbie and Megan; Ensign and Mrs. George Batterton, Sharon and Lanny.

Loren Lee and cousin, Michael Giacomozzi celebrated their graduation together June 8 with a party at his home in Westchester.

Loren Lee was on the "B" honor roll.

Congratulations to Ensign George Batterton of Valley drive on his promotion early this month. He had been promoted to senior chief in December of 1959. George has been in the navy 13 years.

George, his wife, Shirley, and their two children, Sharon 11 and Lanny 9, have lived in Lindenhurst a year. They formerly lived in the Panama Canal Zone for three and a half years before coming here.

Don't forget to attend the Ivy Cancer league meeting at 9 p. m. June 24, at the village hall in Lindenhurst. The reason the meeting starts at 9 is because many people shop Friday evenings.

Ricky McLelland of Woodlane drive had a small family party after his graduation from Lake Villa grade school. Guests were Mr. Charles Schermser and Art and Marie Primcing from Chicago.

Ricky played in the Lake Villa School Senior band. He was a member of the saxophone quartet. Colette and Ronald F. Walker of Grand Avenue are parents of a 9 lb. 10 1/2 oz. son, born June 1. William Ronald arrived at Victory Memorial hospital. Colette is the former Miss Beckman of Antioch. Her parents are Mr. and Mrs. Harry Beckman. The Walkers have a daughter, Donna Marie.

The Ladies' auxiliary to the Lindenhurst Men's club met June 9. Mrs. Babe Hartwig of Sand Lake road is chairman of the committee. Her co-chairmen are Mrs. Rae Gibbons, Mrs. Mary DiSilvestro and Mrs. Mary Zank.

Antioch Hi Band Will Compete in State Contest

SPRINGFIELD — Antioch high school's band consisting of 55 musicians and under the leadership of Joseph Rush, will compete in the 1960 State fair starting Monday, August 15.

Fifteen high school bands, including the 53-piece outfit from Arcola high school returning for its 10th year, will be taking part.

Each band is judged in a 30-minute concert. While music is the subject of judging, the bands also are scored on appearance, audience interest and discipline.

Bands are rated in one of three groups—superior, average and undeveloped.

The five-day competition begins

NEW BELL CHIME

What a wonderful new idea for your home! Soft musical notes that announce your telephone calls all through the house.

The Bell Chime can be placed anywhere—living room, family room, or any central location. It's inconspicuous and comes in velvety gold or soft ivory to blend with any color scheme or decor.

If you like, you can set it for a loud bell when you're outside in the yard or on the patio. Or set it for the familiar telephone ring.

The cost is surprisingly low—and maintenance is free. Call your Service Representative at your Bell Telephone business office and ask her about the Bell Chime.

Better yet, stop in and have her show it to you. Or if an installer-repairman visits your home, ask to see it.

Margaret Brady, AHS Graduate, Aids Uncle Sam

By Mrs. Pearl Kapell

CHANNEL LAKE—Attention was drawn recently to an article in a Florida newspaper about Mrs. Margaret Brady, a former resident of Channel Lake. Mrs. Brady is the former Margaret Runyard, and graduated from Antioch high school in 1928.

Margaret is twice a grandmother, but this is not what makes her unusual.

The fact that makes her an outstanding personality is that, without benefit of a college education, she is working as a mathematician, scientist and technician at an Air Force missile center.

Mrs. Brady, an employee of RCA Service company, reduces data on missile tests.

In a recent letter to her father, Fred Runyard, she wrote that she had reduced the theodolite data on the first Explorer sent into space.

Mrs. Brady gained mathematical knowledge she needed for her job through college correspondence courses, and by helping her son and daughter with their college math courses.

Her son, Edward, is a mechanical engineer working in the missile industry, and her daughter, Patricia, is a mathematician and worked at the same place as her mother until the birth of her daughter.

Mrs. Brady's husband is an electrical engineer at the center.

The Bradys have lived in Florida for several years, and recently purchased a home in Melbourne Beach.

Local Students Attend Music Camp at College

CHARLESTON, Ill.—Nine students from Antioch Township high school are attending the eighth annual Eastern Music camp at Eastern Illinois university this week.

This section of the camp, which is for chorus groups, has among its 204 high school students in attendance:

Bernard Anderson, Peter Zeien, Bonnie Reed, Sheila McGinty, Kathy Kanka, Cindy Brenna, Peggy McNeil, Emily Reinchenbach and Donna Shewan, all of Antioch high school.

The camp devotes one week to chorus and two separate weeks to band. It will run through July 3. More than 700 students are enrolled for one or more weeks of the three-week session.

PRINCE OF PEACE SCHOOL graduation exercises are shown in this photograph taken on the school grounds recently as Father Charles from St. Benedict monastery near Antioch spoke. Rev. David Lynch, pastor of the Prince of Peace parish, is shown seated on the platform beside an outdoor altar. Members of the graduating class, 19 in number, are seated in caps and gowns on each side of the altar and platform. Just a few of the many parents, friends and relatives of the graduates are in the immediate foreground. The west side of the school building is in the background. (Antioch News photo)

Mrs. Arthur Soby and 3 Children Leave for Vacation in Wisconsin

By Mrs. Pearl Kapell

CHANNEL LAKE—Mrs. Arthur Soby and her three children, Linda, Teddy and Nicky, accompanied by Mrs. Soby's mother, Mrs. Lucy Himens, were to leave June 16 for Eagle River, Wis.

Mrs. Himens graduated from Eagle River high school in 1912, and the occasion will be a class reunion. Classes of 1910, 1911, 1912, 1913 and 1914 will each have separate re-unions. They will then join in a mass re-union, at which two of their former teachers will be present.

Mr. and Mrs. Harry Dowell and sons Dean and Terry left June 13 for a motor trip throughout the Southwest. They will travel through Arizona, New Mexico and as many neighboring states as time permits.

There was a big turn-out for the Channel Lake picnic on June 7. It was a beautiful day, food was plentiful and everyone seemed to be having a wonderful time.

Mrs. David Strattan and Madeline Taylor left June 15 for a two-week tour of New York and Canada.

The Couples club met at the home of Mrs. Harry Weiss, Lake avenue, June 8. Present were Mr. and Mrs. William Frey, Mr. and Mrs. Clarence Spiering, Mr. and Mrs. Robert Hess, Mr. and Mrs. Frank Hennig, Mrs. Katherine Archer and Mrs. Lois Liess.

Mr. and Mrs. Frank Hennig attended confirmation of their granddaughter, Karen Moschel, at the Gladstone Park Lutheran church in Chicago last week. A supper party attended by about 50 guests was held at the home of her parents, the James Moschels, after the services.

There were many small parties given for the graduates last Tuesday night after graduation exercises at the high school.

Mrs. David Strattan served a buffet supper to relatives and friends

for her daughter Dani, an honor graduate.

Present were the Roger O'Briens, the Thomas O'Briens and the Ray O'Briens, and Mrs. Minnie Stratton, all of Chicago.

The Dale Bartleys honored son Earle, with a small group of friends.

Mr. and Mrs. Jerry Kaleth and children, Paul and Jean, left for their new home in California on June 7. Mr. Kaleth has been in California for several months, but came back to help the family move. Their new address, for friends wishing to keep in touch with them, is 1121 Atchison, Altadena, Calif.

Otto Jungman left on June 10 for a week's fishing trip to Hayward, Wis. At the same time, Mrs. Jungman went to New Ridgeland, Minn., to visit her mother, Mrs. E. C. Osman. Mrs. Jungman's mother will return with her to visit at the

Mrs. Wilma (Billie) Holstrom, hospitalized for three months due to pneumonia, came home on June 7. Mrs. Pat Romb of Lake avenue, is on the sick list at home.

Sue Stankus returned home June 8 after an emergency appendectomy. Mr. and Mrs. Don Behling and son left June 7 for two weeks vacation at Hayward, Wis.

New electric built-ins bring new beauty, new smartness to your kitchen. Make cooking a lot cooler, too. The oven is insulated on all six sides. Surface units transfer heat directly into the pans—not around them. Your kitchen stays at least 10 degrees cooler and a lot cleaner.

No stooping or bending. Electric ovens are waist-high, take up less space—because broiler is built into oven. Compact range top gives you more usable counter space.

St. Scholastica Parish Conducts Census in Area

By Mrs. Judith Wayda
Phone Ulysses 7-3487

BRISTOL, Wis.—The St. Scholastica parish census got underway Sunday afternoon with a meeting of workers at which Rev. Eugene Bleidorn, parish priest, gave them instructions on how to go about taking a census.

Census takers are armed with pencil, cards and leaflets to cover the entire area surrounded by route 83 on the west, route 50 to the north, 41 to the east and the Illinois state line on the south.

They are to stop at every single house in the area whether it is a Protestant or a Catholic family so the census will be a complete one.

Each Catholic family will receive a leaflet stating the times of masses and the fact the parish will pay tuition costs at a neighboring parish for children parishioners wish to send to a Catholic grade school.

The latter would apply until St. Scholastica parish would have its own grade school.

The leaflet includes a small map of the area, how to reach the new church site, the present temporary church and a sketch of the new building.

Idea of the census is to determine how large a building program the parish will be capable of taking on now.

Bowling Elders to Compete In Match Game on Saturday

A match game between a Chicago bowling team and one from Antioch will be held at the Antioch Bowl, highway 173 west of highway 59, at 8 p. m. Saturday, June 18. All taking part will be 50 years old or older.

Ages of the Chicago team will total 336 and for the Antioch group 338. Team bowling averages differ by only a few pins so the teams will be rolling from scratch.

Dr. Earl J. Hays and Roman Vos of Antioch took part in the United States Senior Bowling association national tournament held on April 16 of this year. The tourney is to be an annual event.

The association was organized to interest senior bowlers and to help keep them fit.

Antioch's team in Saturday's match game will include Henry Pape, Dr. Hays, Oscar Kyburg, Vos and Arthur Wertz.

From Chicago will come Syd Anderson, Dave Johnson, Otto Schulz, Charles John, national president, and Dr. H. A. Hattstrom, national secretary.

The public will be welcome to watch the match Saturday night.

It is hoped, Dr. Hays said this week, that enough of the senior bowlers in this area will be interested so a league for them can be organized this coming fall. It probably would be an afternoon league.

Further information may be obtained by contacting Dr. Hays at Antioch 283 or Jack Sampayo and Mike Schamberger, owners of the Antioch Bowl, at 1155.

Exciting Contests Mark Action In Lake Keno Softball League

By Bill Ferris

One week ago, Wednesday night, Pat's Lounge handed Golfview its first defeat in a thriller which ended 10 to 8. The Badgers scored 6 runs in the opening inning to overcome a 4 run deficit and tallied for another in the second to lead 7 to 4.

Pat's Lounge came up with another 4 in the fourth and 2 in the seventh, then held off a rally by the Badgers to win.

Golfview made 5 hits in the first and 7 more for the next six. Tommy Fox with 3 hits, Jack Lawrence, Wiggy Bolton and Larry Hostetler with 2 each led the Badger attack.

Marty Genualdi, Dick Hiller, Ernie Berez and Dick Grau paced the Lounge with 2 hits apiece. This win gave Pat's Lounge a 4 and 0 mark plus sole possession of first place until Friday night when it faced last year's champs, Thom-Eric, who only 2 nights before just managed to get by Sterbenz a game with a 7 to 5 victory.

The result of this one was Casey's

Pat's Lounge for a 11 to 6 triumph.

Frank Bellucci with 3 hits and Shorty Riechie's single, double and 3 bagger set off the builders' attack. Marty Genualdi blasted 3 doubles for the losers.

In the Thom-Eric-Sterbenz Garage game, the Builders had to come from behind with 5 run rally in the last 2 frames to win.

Shorty Riechie, John Bishop, and Norm Bauske had 2 hits apiece for the winners, while Dahlman and Eliechek hit for a couple, the latter getting a home run.

Thursday night Sterbenz Garage suffered its 5th straight defeat, this one by a run to Fox Lake Hills, 12-11.

Dick Gudegon with a single and triple, Don Pyles a double and home run, and Martin with a single, double and homer were the main hitting for the losers.

For the Hillsmen, Houghton and Andersen collected 3 hits apiece

along with a home run by Dvorak.

In the second game Joe's Tap handed State Farm its third loss of the season with a 13 to 11 win.

Home runs by Frank Niedermayer and Bob Becvar along with 2 hits each by Grossi, Nickerson, M. Schneider and Swede Larsen gave Joe's Tap the victory.

For the losing State Farm team Danny Seyfarth took all honors with 3 singles and a 2 bagger in 4 trips to the plate.

Celebrating his birthday, Bob Wagner collected 2 hits along with Dick Carlucci, Art Neubauer, Willie Kirschke and Maynard Schneider.

The following night Joe's Tap took it on the chin from Jim's Service who themselves racked up their first win in a 12 to 5 rout.

For the winning servicemen Chuck Larsen had a perfect night with 4 for 4. Wehrstein hit 3 for 4 and

Slippery Track Helps Provide Racing Thrills

WILMOT, Wis.—Drivers, mechanics, pit crews, officials, management and an anxious crowd were delayed in starting the races at Wilmot Saturday night.

All were indoubt if races would actually be run.

A late starting time warranted only one qualifying lap per driver instead of the customary two laps.

The moist track surface gave the crowd more than they could expect in the way of thrills and spills.

Before the rains really came during the 20-lap semi-feature, virtually all the wood guard rails were reduced to toothpicks.

Tense moments with the entire grandstand on their feet came during the fourth 12-lap heat when Dick Renahan, Round Lake, while making a desperate attempt to secure fourth position from Bob Rataczyk, Kenosha; on the ninth lap, flipped end over end five times bringing the race to a halt.

Though badly shaken up, the car almost demolished, the only concern expressed by the driver who has a tremendous fan following was "Will the car be ready for next Saturday, and if not, why not?"

The special 20-lap Semi-Feature which was scheduled to compensate for last week's rain halted program was forced to end in the fourth lap when the sudden heavy rains made it impossible for the drivers to control their powerful stock cars.

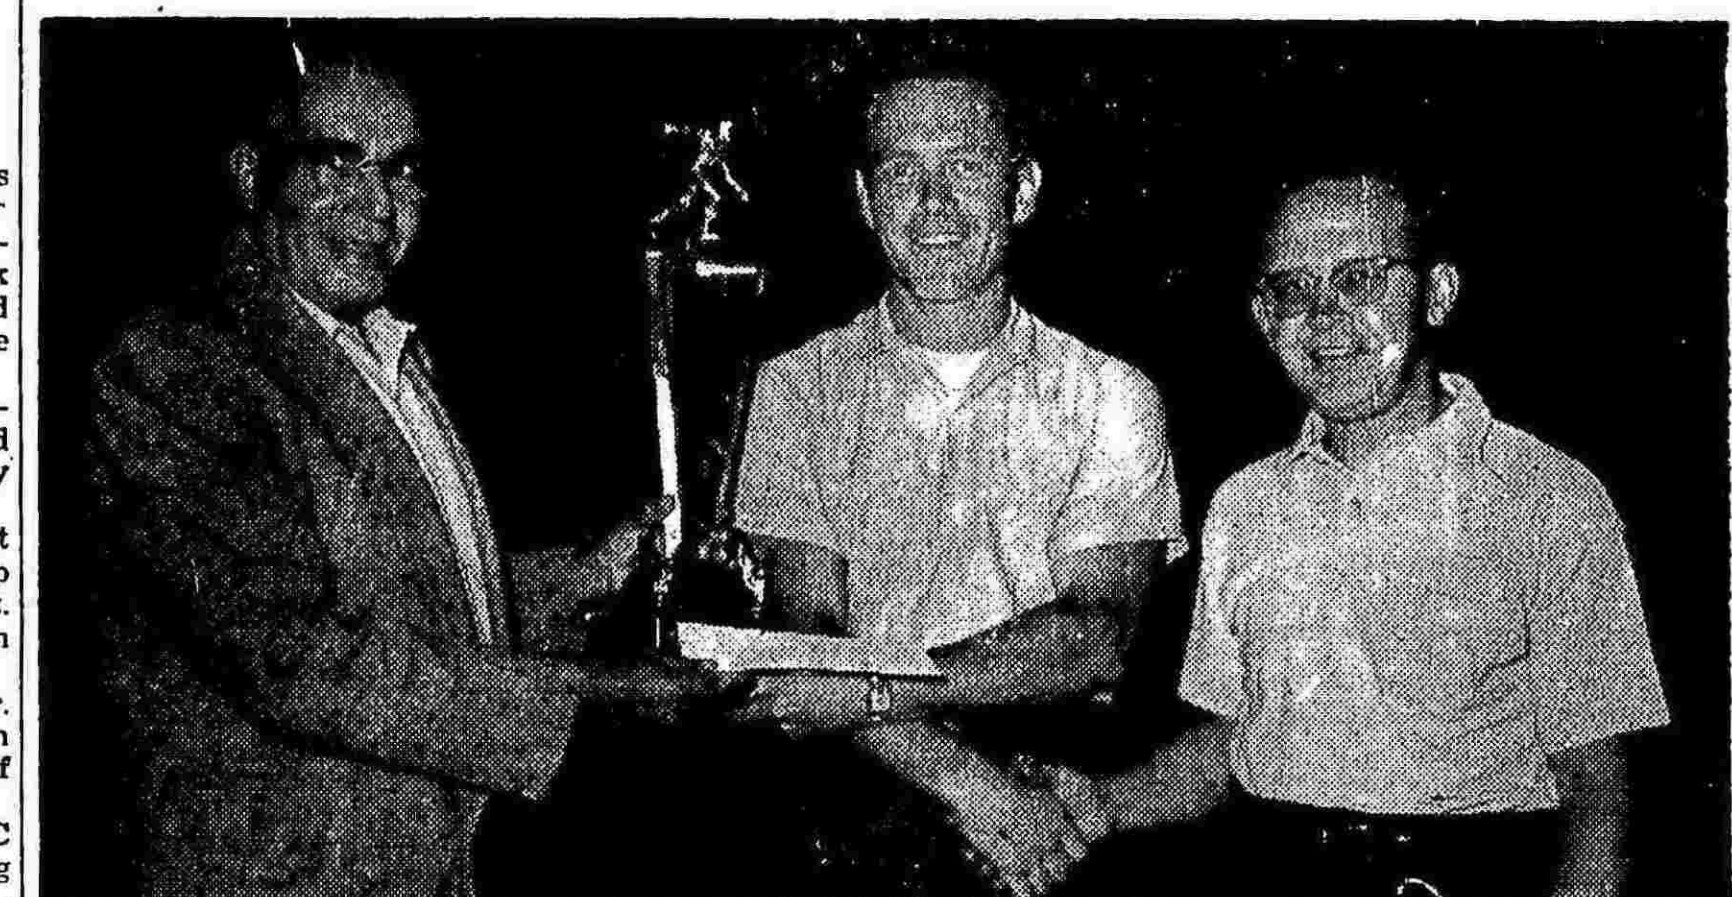

The dyed in the wool ardent race fans were still in their seats and their hearts went out to the drivers who attempted to complete the full race program at all costs. Driver's purse, was \$1,182.

Jim Smith promised another enlarged racing program for next Saturday night. Time trials are at 7:15, first race at 8:30. The exciting novice stock car drivers' heat which was won by Ed Braatz Saturday night (10 laps) will also be run again.

The sensational craze of the country Go-Kart racing will continue on Sunday afternoons

SECOND PLACE WINNERS in the 12 and 2 o'clock Bowling leagues are shown after they recently received trophies presented by their league leaders at a hamburger-pop-ice cream-coffee luncheon in Joe and Helen's Little Acres at Loon Lake. Attending were boys and girls who had bowled each Saturday during the winter, their leaders, some parents and proprietors of the Antioch Bowl. Shown are, from left, back row, Bob Lenczewski, Tom Hucker, Tim Hucker, Eddy Thayer; front row, Carol Gilio, Robin Holm, Nancy Queen, Fred Wittleder. (Antioch News photo)

THE WINNAH! Fred W. Popp of Lake Villa (center) is shown being presented with his \$100 earnings as winner of the Antioch News men's bowling tournament held at the Antioch Bowl and which ended this past Sunday evening. Jack Sampayo, manager of the local alleys, is shown making the presentation and also giving Popp the championship trophy. Runner-up to Popp and the receiver of \$70 for his efforts in the tourney is Joe Klopp (right) of Klopp's resort on Lake Marie. It was the first tournament title Popp has ever won in several tries. He defeated Klopp in four straight games. (Antioch News photo)

Popp Winner In Tourney News Backed

Fred W. Popp of Lake Villa captured the Antioch News men's bowling tournament trophy and \$100 in cash for winning top place in that playoff Sunday evening at the Antioch Bowl.

Second place in the tourney that drew more than 100 entries went to Joe Klopp of Klopp's resort on Lake Marie near Antioch. He took home \$70 as second place money.

Popp bowled four straight victories in a best four out of seven playoff Sunday evening to take the championship.

His scores were 179-177-202-221. Klopp rolled 170-170-179-191 for second. These included handicaps.

The playoff had been scheduled for Sunday afternoon but had to be postponed until evening because one of the men competing was called back to work on an emergency job.
